

DRUG TESTING & OCCUPATIONAL HEALTH SERVICES, Inc.

TESTING PROGRAM PROTOCOL

First Choice Drug Test has been retained to manage the drug/alcohol testing program for the HIMS program. In addition to providing the testing we also manage the random selection process, scheduling of test, re-scheduling of test when a testing event is “excused”, reporting of results, and performing reviews of any non-negative results provided from the lab(s) we use. All these services are included in the testing fee. Testing notifications will be sent first thing in the morning of your test day via text to the cell phone provided below. The text will be: “Today is your test day, please send the zip code of your location”. Once we receive your reply, we will order the test and text back an image of that order. The image will have the address of the testing location as well as a barcode. With this information the clinic will perform the test and there should be no fees charged to you, all fees will be paid to First Choice Drug Testing. If you are unavailable due a work schedule conflict please text back the details of that conflict, we will review those details and determine if the test will be excused and notify you. We require a credit card on file for all fees, please list your credit card information below or call us (501-661-9992) with that information if you prefer. Fees for urine testing is \$110.00
